

FoamForce™ Adjuvant

FoamForce Adjuvant provides preventative and curative antifoam activity in spray mixtures. The reduction of foam can decrease mixing and tank filling times, reduce the loss of plant protection products, and prevent undesirable vegetation damage when spray tanks foam over.

APPLICATION RATE:

Curative: Add FoamForce adjuvant as needed

Preventative: 1 ounce per 100 gallons of spray solutions

INGREDIENTS:

7.7% Dimethylpolysiloxane

2.3% Dimethylsiloxane polymer

90% Constituents Ineffective as Spray Adjuvant
