

GRAVITY[®] S NEUTRINO

SOLUBLE MICRONUTRIENT FERTILIZER

GUARANTEED ANALYSIS

Magnesium (Mg)	4.00%
Sulfur (S)	8.00%
Iron (Fe)	10.0%
5.30% Water Soluble Iron (Fe)	
4.70% Chelated Iron (Fe)	
Manganese (Mn)	4.00%
4.00% Water Soluble Manganese (Mn)	
Zinc (Zn)	1.00%
1.00% Water Soluble Zinc (Zn)	

Derived from: Magnesium sulfate, Iron glycinate, Iron EDTA, Manganese sulfate and Zinc sulfate.

ALSO CONTAINS BENEFICIAL SUBSTANCES

Soy Protein Hydrolysate 2%
Purpose: Increase Nitrogen Use Efficiency

KEEP OUT OF REACH OF CHILDREN

WARNING

Causes serious eye damage. Causes mild skin irritation. Harmful if swallowed. May cause damage to organs (gastrointestinal tract)

Precautionary Statements: Obtain special instructions before use. Use personal protective equipment as required. Do not eat, drink, or smoke when using this product.

Information regarding the contents and levels of metals in this product is available on the internet at: <http://www.aapfco.org/metals.html>

FIRST AID

IF IN EYES: Rinse cautiously with water for 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

IF SWALLOWED: Rinse mouth. Call a poison control center or doctor for treatment advice if you feel unwell.

IF ON SKIN: Wash with plenty of water. If skin irritation occurs: Get medical attention. Take off contaminated clothing and wash it before reuse.

In case of medical emergency, call toll free 1 866-767-5042.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in a locked area away from children, feed and food products. Ensure that the area is clean and dry. Reseal opened bags by folding down and securing the bag. To minimize application problems, do not store unused product in sprayers for long periods of time.

Disposal: Dispose of contents/container in accordance with Federal, state and local regulations.

GRAVITY® S NEUTRINO

SOLUBLE MICRONUTRIENT FERTILIZER

FOR CHEMICAL EMERGENCY, SPILL, LEAK, FIRE, EXPOSURE, OR ACCIDENT, CALL: CHEMTREC 1-800-424-9300

GENERAL INFORMATION

Gravity S Neutrino is a 100% soluble fertilizer designed for turf and ornamentals. **Gravity S Neutrino** is specifically formulated to be rapidly absorbed through leaf tissue to provide a rapid response. EDTA Iron extends the length of plant greening.

A number of variables influence the rate of application necessary to prevent or correct a specific deficiency. For best results, follow good agronomic practices and conduct soil, resin or tissue test. Additional fertility may need to be supplied from other sources. For specific recommendations for your plants, consult your local Heritage Professional Products representative.

DIRECTIONS FOR USE

READ ENTIRE LABEL BEFORE USING

Gravity S Neutrino can be tank mixed. If you are unfamiliar with the product, a jar test should be used to confirm compatibility, and a small area should be treated with the product prior to large scale application.

Do not apply if heavy rain is expected. Do not apply near water, storm drains, or drainage ditches. Sweep any product that lands on an impervious surface back onto application area. Only apply to the intended application area.

GOLF COURSES

Gravity S Neutrino should be applied at 1 to 4 lbs per acre every 21 to 28 days as needed during the growing season. Spray volumes can range from 1 to 4 gallons per 1,000 sq. ft. for adequate coverage.

Gravity S Neutrino may be used on greens, tees, fairways, roughs, and other turf areas composed of turfgrasses. For best results do not irrigate or mow until sprayed area has completely dried.

OTHER TURF AREAS

Gravity S Neutrino should be applied at 1 to 4 lbs per acre every 21 to 28 days as needed during the growing season. Spray volumes can range from 0.5 to 4 gallons per 1,000 sq. ft. for adequate coverage.

Gravity S Neutrino may be used on all turfgrasses. For best results do not irrigate or mow until sprayed area has completely dried.

TREES AND ORNAMENTALS

Gravity S Neutrino should be applied at 1 to 5 lbs per acre of landscaped area every 21 to 28 days as needed during the growing season. For container grown products, trees or other ornamentals apply a foliar spray or soil drench at a rate of 5 to 25 lbs. per 100 gals of water. In a drench, use a minimum of 5 gallons of carrier. Prior testing is required before applying to open flowers.

MIXING INSTRUCTIONS

Agitation will aid in getting the product to go into solution. If carrier water is cold, user may need to pre-mix the soluble fertilizer with warmer water in a separate container prior to adding it into the sprayer.

WARRANTY DISCLAIMER

Seller warrants only that the chemical composition of this product conforms to the ingredient statement given on the label, and that the product is reasonably suited for the labeled use when applied according to the Directions for Use. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR IS ANY REPRESENTATIVE OF SELLER AUTHORIZED TO MAKE ANY SUCH WARRANTY OR MODIFY THESE TERMS. This warranty does not extend to the storage, handling or use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such storage, handling or use. Seller shall not be responsible for incidental or consequential damages, if any, resulting from a breach of warranty.
