

Mystic[®] Spray Pattern Indicators

Mystic Blue and Green

Mystic Spray Pattern Indicator (SPI) products come in two highly visible options for marking spray applications. Mystic Blue SPI is a liquid dye that transforms tank-mixwater into an easy-to-see blue color. Mystic Green SPI is a liquid dye that turns tankmixwater into a highly visible green color that mimics natural plant color without visually disrupting the landscape. Mystic SPI products are labeled for turf, ornamental, vegetation management and pest control sites and can be used with all types of pesticides.
