

# Aquicare® GR Wetting Agent

Aquicare GR granular wetting agent is specifically formulated to offer unparalleled convenience for applying a wetting agent, particularly in challenging-to-spray areas. It utilizes a BioDac carrier, made from 100% post-consumer waste material. The combination of vertical and horizontal water movement within the soil profile is facilitated by this exceptional product. Aquicare GR is environmentally friendly, allowing you to reduce watering inputs using a biodegradable carrier. It is packaged in a recycled plastic bag.

## APPLICATION RATE

### Lawns and Turf

Apply at 2.5 lbs. per 1000 sqft. \*not tested on potted plants

### Golf

Preventative - apply at 2.5 to 4 lbs. per 1000 sqft.

Curative – apply at 5 lbs. per 1000 sqft.

## INGREDIENTS

**75%** Ethylene oxide-propylene oxide copolymer

**15%** Polyethylene glycol

**10%** Poly(oxy-1,2-ethanediyl),.alpha.-[2,4-bis(1,1-dimethylpropyl)phenyl]-.omega.-hydroxy-

## FEATURES & BENEFITS

- Proprietary load of Aquicare® per ton of finished product
- Combination of vertical and horizontal movement of water in the soil profile; helping to alleviate LDS symptoms and allow for less hand watering on greens
- Easy to apply by rotary push spreader on hard-to-reach areas
- Apply to stressed areas which may need higher load of wetting agents than others, in between spray applications
