

# Gravity<sup>®</sup> L Pro-Cu Liquid Fertilizer

Gravity L Pro-Cu Liquid Fertilizer is formulated with our patented technology, which assists in the absorption and movement of nutrients in the plant. Gravity L Pro-Cu is designed for use as a foliar spray on any plant where the addition of copper would be beneficial.

## APPLICATION RATE

**RATE:** 0.35 to 0.70 fluid ounces per 1,000 square feet

**BACKPACK RATE:** 0.35 to 0.7 fluid ounces per 1,000 square feet, 1 to 2 oz per gallon

## INGREDIENTS

5.1% Copper Derived from Copper Sulfate

## FEATURES & BENEFITS

- Proven performance of enhanced nutrient uptake compared to competitors
- Developed for use with all pesticides and fertilizers

## COPPER'S ROLE IN PLANT HEALTH

Copper is a Micronutrient which is essential for chlorophyll formation, nitrogen metabolism and as an enzyme activator. Copper is immobile in the plant and binds heavily in organic soils. Soil or tissue tests may indicate a need for a copper application. Copper deficiencies can be identified by yellow or stunted leaf tips. The use of Copper when not called for, can result in Fe deficiencies.
